Colorado for Family Values

The die is cast. 1994 will witness a massive and vicious attack to repeal Amendment 2. Will you join forces with us to match their rich campaign war-chest? Only with your support will we ever match militant homosexuals' deep-pocketed allies.

Dear Concerned Coloradan,

Colorado for Family Values has turned to its supporters several times over the last two years, at moments of extreme crisis and incredible opportunity. Moments like this one.

In 1991, we asked you to stand with us in a petition drive to put fairness on the ballot. In 1992, we asked for financial support to overcome overwhelming pro-homosexual bias in the media. Then of course in November, we asked for your vote.

Every time -- every single time -- you came through.

Together, we've prevailed at every step.

- We prevailed in the petition drive... setting several new Colorado records for petition signatures in the process.

- We prevailed against the most shameless media blockade in Colorado history... reaching over 750,000 registered voter households with the truth about Amendment 2.

- We prevailed in the election... over 800,000 Coloradans saw through the lies and the name-calling, and cast the vote heard round the world for fairness in Colorado.

Through it all, I'm proud to point out that Colorado for Family Values consistently made the most efficient and effective use of the funds entrusted to us. (As you know, our opponents outspent us 2-to-1 and lost.)

Today marks another such turning point.
A point when everything we've won is at stake.
Another opportunity to prevail together.

You see, every victory and every milestone we've achieved together is due for a massive, heavily-funded attack from the national militant homosexual establishment during 1994.

Their aim: To repeal Amendment 2, to wipe it clean out of the Constitution, then pretend it never happened. To pretend 813,000 voters never existed -- then go right on instituting special-rights for the homosexual lifestyle.

As you know, they'll use every dirty trick in the book, every political weapon, and every six-figure donation they can muster to do it.

They already circulated the lie that outside money from religious fundamentalists had funded Amendment 2 -- despite being fully aware of state financial reports that showed the truth. But we don't have the Hollywood billionaires -- the David Geffens of this world -- bankrolling

our stand.

We have you. And that's more than enough for victory.

Defending Amendment 2 may be our most important task yet. Will you carefully consider financially joining with us to make history once again?

> If Amendment 2's victory is to survive the attacks to come, we must -- together -- match the militant homosexual "war-chest".

That's why Colorado for Family Values is launching a special campaign fund-raising drive, entitled the Amendment 2 Defense Fund, to raise ONE-MILLION DOLLARS for the effort to defend Amendment 2 in 1994.

And I'm asking you to consider joining us.

I know what you're thinking. One million dollars is an enormous sum of money. But we're not in this alone.

There are over 10,000 regular CFV supporters, and each of them is reading this letter along with you. All it takes is for 10,000 to pledge a small monthly gift of $10 for a limited period of ten months... and it's done!

Can you imagine what a difference it will make defending our victory with a million-dollar Amendment 2 Defense Fund behind us?

- We can ensure a solid, resourceful campaign in 1994.
- We can avoid the extreme cost-cutting measures which became necessary -- and which made our task much more difficult -- during the Amendment 2 campaign.
- We can bypass the media if we need to, and bring our own message to Colorado when pro-homosexual bias threatens to shut us out of the public eye. (Remember the T.V. blockade against us in Denver?)

> Doesn't Colorado's majority deserve the most resourceful, well-funded campaign we can assemble?

To bring this about, will you make the $10 pledge -- for the next ten months only -- above and beyond your already generous support?

Unless our regular monthly support drops off, the Amendment 2 Defense Fund will not be applied to Colorado for Family Values' usual overhead or normal operating expenses. It will be set aside specifically for the purpose of funding the Amendment 2 Defense campaign. That's why this must be a special, "over-the-top" fund-raising effort, not intended to replace our usual financial support.

The time is short. Our continued support for Amendment 2 scared away would-be ambushes in the Legislature. But homosexual extremists themselves have been building, fund-raising and waiting for 1994.

> Already, a pro-homosexual Denver group is beginning to organize for a repeal campaign. A Denver software mogul already pledged a million dollars out of his own pocket just to overturn Amendment 2!

Lately, I've been struck by a growing conviction:

> Our generation's most desperate battles for freedom may not take us to Southeast Asia or the Middle East. The issue of homosexuality and the attempts to impose it by force on our

own society may actually be the historic struggle of our time. The nineties' battle for freedom may take place right here in American communities -- over the mere right to live out our beliefs.

It breaks my heart to say that about America -- but I believe it's true. And I will not stand idle while this victory for fairness is stolen out from under us by another round of lies, name-calling and media manipulation.

Will you join with us?

More than likely, you're already among our faithful financial supporters. We don't take lightly the responsibility of asking already-committed donors to increase their regular gift by $10 a month.

But we think this goal is worth asking you. This job must be done.

I can guarantee that as Founding Member of the Amendment 2 Defense Fund you'll have the satisfaction of knowing you've helped win an absolutely essential battle.

Would you seriously consider making a regular monthly gift of $10? Then, based on your decision, please send a check for your first month's pledge today, so I can enroll you immediately as a Founding Member of the Amendment 2 Defense Fund.

Whatever you decide, I want you to know again how deeply grateful I am for your support. Without the help of people like you, fairness in Colorado wouldn't stand a chance.

In deep gratitude,

Will Perkins

P.S. I strongly urge you to join me as a Founding Member of the Amendment 2 Defense Fund today. By joining our strength with a small monthly $10 pledge, we can ensure a well-funded, resourceful defense against the massive 1994 repeal effort.

YES! I'll Join You as a Founding Member of the Amendment 2 Defense Fund.

I'll help CFV match the heavily-funded "limousine-liberal" war-chest of the militant homosexuals -- and ensure a well-funded Amendment 2 defense -- with this monthly pledge of $10. The 813,000 Colorado voters who stood for fairness deserve a leg up for a change!
